

## HEART and HOME PROBLEMS

Dear Mrs. Thompson: (1) I belong to a club of six girls which is going to give a dance early in June. Each of us must ask a boy friend. How and when should I ask mine? (2) How long before a party should invitations be sent out? (3) How late should party last when young people are between fifteen and twenty? (4) I have light hair of a naturally peculiar golden shade, which I dress softly over my face, gray-green eyes, slightly irregular nose, Cupid's bow mouth, pointed chin and peachy complexion. Am I kind of pretty? (5) I belong to the same young people's society as a certain young man. My father is a sort of patron to the society. I know the young man's brother pretty well, but have never been introduced to the first; there is no means of getting an introduction, as we are all supposed to know one another. Once when I was walking with my father we passed these two brothers and both spoke. I imagined, though, that the first spoke to me also. Should I speak when I see him again.

NELL AND K. T.  
(1) About two weeks before the party tell the boy you wish to ask that such a party is to be given and that if he would like to be your invited guest you would be very glad to have him for your escort. (2) About two weeks before. (3) Ten o'clock is late enough. (4) I should think you are pretty, my dear. (5) If you are all supposed to know each other, you should greet him when you see him.

Dear Mrs. Thompson: (1) Will you please tell me how to whiten my white plumes? I have washed them in gasoline and flour, but they look grimy. I wash them every week or two, but they don't seem to improve. (2) If I dyed them, what would be a good color (on account of the griminess)? (3) What is the latest styles in low shoes? (4) What will take soiled places off of birdseye maple? (5) The water in our cistern is black and dirty—how can it be cleaned?

SNOOKUMS.  
(1) Perhaps you have not washed them right. Make a thin batter of flour and gasoline. Soak the feather

up and down in this and if any parts are particularly soiled, lay on one hand and rub gently with the other hand. It should get as white as snow. When perfectly clean rinse in clear gasoline and shake until dry and all flour is out of it. You may need to use a comb to get all the flour out. (2) A dark blue or green would be good colors. (3) They are quite sensible—low heels and round toes, in white, tan and black with white uppers. (4) If they are heat stains—get some rotten earth from a painter; moisten with good sewing machine oil and apply. Possibly just rubbing with sweet oil will take out the stains. (5) Drop a little powdered alum in the cistern; it will cause the dirt to settle.

Dear Mrs. Thompson: We are two girls, both thirteen years old. (1) Are we too young to go to parties? (2) Should we wink at boys in school? (3) Should we have boy friends? (4) Is it right to kiss a boy? (5) Are we too young to talk about boys? (6) Does curling the hair with kid curlers harm the hair? (7) Should we wear "rats" or chew gum?

TWO SPORTS.  
(1) Not to like parties where you do not stay out late. (2) It would be very undesirable. (3) I hope you have a great many—but not the shushy kind. (4) At your age I suppose it doesn't do any particular harm. (5) If you have boy friends you certainly must talk about them sometimes. As long as you don't consider them lovers you are all right, my dear little girls. (6) Not very much, but the hair is always better if it is not confined in any way. It should be as loose as possible at night. (7) Neither will do you any good. I hope you don't do either.

MISSION SOCIETY IN MEET.  
The annual commencement session of the Augustana Foreign Mission society was held this morning at 10 o'clock in the college chapel. The principal addresses were made by Rev. H. E. Isaacson, a missionary from India, and C. A. Hallstrom, a student of Upsala university, Sweden, and Rev. J. Torell of Chicago. V. E. Swenson, a member of the seminary graduating class who intends to go to China as a missionary, also made a 10-minute speech, while Dr. C. A. Blomgren delivered the farewell address to him on behalf of the society.

A vocal solo by Miss Edna Lindahl and a double number by the Wennerberg chorus constituted the remainder of the program.  
The commencement exercises of the seminary department will be held this evening at 8 o'clock. The commencement address will be delivered by Dr. O. J. Johnson, president of Gustavus Adolphus college. Twenty-six seminary men will finish the course this year and apply for ordination, also two hospitalians.

SURPRISE FOR BERGQUIST.  
Prof. J. Victor Bergquist, director of Augustana conservatory, was agreeably surprised yesterday afternoon when the Wennerberg chorus, which he has so successfully directed this year, assembled at his home on Seventh avenue to express the appreciation of the members for his work. Marcus Skarstedt, president of the chorus, acted as spokesman and presented to Prof. Bergquist a large upholstered Morris chair as a token of esteem.  
Prof. Bergquist responded briefly, voicing his appreciation of the gift and his pleasure in being the director of the Wennerberg chorus. The chorus sang a couple of selections with considerable enthusiasm and then departed.

## SOCIETY

### AUXILIARY PLANS PICNIC.

THE WOMAN'S AUXILIARY OF Trinity Episcopal church held a meeting at the home of Mrs. G. H. Sherwood, 1818 Sixth avenue, yesterday. The routine business was first taken up, and Mrs. Ann Stent gave a very interesting and profitable report from the annual convention, which was held at Galesburg last week. The next meeting will be held June 24, and will take the form of a picnic at Campbell's island. Mrs. Stent will be the hostess. The meetings will be held once a month during the summer, as usual.

### PARTY FOR MISS SMITH.

MISS ELVA AALLSBROW, 1028 THIRD avenue, entertained last evening in a most delightful manner for Miss Katherine Smith, who leaves in a short time for Chicago. About ten young ladies were present, and the time passed most agreeably with music and games. In a guessing contest the prize fell to Miss Katherine Smith and in another the favor went to Miss Ruth Ora Dunham. During the evening the hostess served a delicious two-course luncheon.

### SOCIETY MEETING POSTPONED.

THE REGULAR MAY MEETING OF the Young People's Christian Endeavor society of Central Presbyterian church was postponed from last evening until Tuesday or Thursday evening of next week, on account of commencement week festivities. The meeting next week will be held at the home of Mrs. Henry Thomas, 1113 Fourteenth-and-a-half street.

### QUEEN ESTHERS PLAN PROGRAM.

AT A MEETING OF THE QUEEN Esther circle of the First Methodist church held at the home of the Misses Cralle, 1916 Ninth avenue, last evening, plans were perfected for a program of readings to be given for the evening of June 12 at the church and

In addition to the readings by Miss Pearce there will be interesting musical numbers. The leader last evening was Miss Grace Holmes and the study topic was "Mormonism." At the close of the study session the hostesses served very nice refreshments and the usual pleasant social hour followed.

### CLUB POSTPONES PICNIC.

THE TRICITY EMBROIDERY club picnic which was to have been held yesterday afternoon at Fejervary park, Davenport, was postponed, owing to weather conditions. The club will be entertained June 19 at the home of Mrs. Rose Trevor, 2303 Fourteenth street, Moline, this being the last meeting for the summer. The annual outing will be held sometime soon.

### SOCIAL ANNOUNCEMENTS.

THE REGULAR MEETING OF the Etude club will be held at the home of Mrs. Alphonse Hageboeck, 129 West Eleventh street, Davenport, tomorrow afternoon, at the usual time. The Ladies' Aid society of the Memorial Christian church will hold its May coffee at the home of Mrs. E. H. Phillips, 1025 Twenty-first street, tomorrow afternoon.  
The South Park Presbyterian Brotherhood open meeting which was to have been held last evening, was postponed indefinitely.

## That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe. During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

### DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by its great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

## Domestic Science DEPARTAMENT

CONDUCTED BY Mrs. Alice Gitchell Kirk

Sunlight is so important to life that it is little wonder that sunworshippers prevailed in primitive days.

Plant a potato in your cellar, and if there is a little light, that potato will sprout and try to grow. Surround it with the best fertilizer, water it, and do the best you can for it except that you keep it in the dark, and it cannot digest and grow. See how slender and pale it is. The process of digestion, the great function of assimilation, cannot go on without sunshine.

Have you ever noticed that the only grapes that become perfectly ripe and sweet, that the only peaches that take on those beautiful red cheeks and offer that luscious sweetness are those that are on the outside, entirely uncovered by the leaves and perfectly exposed to the sun? These are often trained on stone walls so that the best rays of the sunshine ripen them and add to their flavor.

God's laws are the same in the animal world. It is just as true that the only girls with red cheeks and sweet breaths, the only girls who become fully ripe and sweet, are those who baptize themselves fully in God's glorious sunshine.

Don't you see a good many pale girls in your store, in your offices; girls with a bloodless, half-baked sort of face, whose walk, whose voice and whose whole expression are devoid of spirit? They are not half ripe.

### LET THE SUNSHINE IN.

Have fewer awnings and darkened rooms to keep the sun from fading rugs and carpets; never mind them, but let the sun have a fair chance. Live in the sunshine every chance you get and walk on the sunny side of the street and all will have better blood, better digestion and a better disposition. Never mind the freckles—just so you have good health.

There are always chronic grumblers; the kind that "growl at this and grumble at that; they growl at the dog and growl at the cat." Don't be a

peessimist. I knew a little girl who asked her father the meaning of a pessimist. She afterward said to some one, "Don't be 'peessimistic.'" While she had not remembered the right word, her own seemed quite to the point. Grumblers are "peaky beings" and rarely in good health; nervous systems all wrong, with discordant emotions. Grumbling certainly distorts the digestion and gives the face a pinched, sour expression, and think how hard it is on the other members of the family who have to live with a grumbler.

Many a wife has been made an irritable, nervous and physical wreck by a grumbling husband; and many a good husband has drifted away from intimate home life by a fault-finding wife. The children live in an atmosphere of discontent and carping criticism, which spoils their disposition and takes away their cheerfulness and buoyancy of spirits, making them nervous, irritable, unbalanced and disagreeable.

There is nothing more valuable or ennobling than overcoming grumbling, petulance and a bad temper.

Go about your work good-naturedly. Let your soul shine out brightly; learn to smile, let warmth, cordiality and sympathy be in your hand-clasp. Do these things, and you will promote harmony, health and happiness.

### CULTIVATE SWEET VOICES.

Very few women realize what an effect a sweet voice has on a man. A woman may be pretty to look upon, may be faultlessly dressed and attractive in every way, and yet too often, directly she opens her mouth and speaks, the spell is broken and the charm is gone. And all this need never be so.

Very few voices are so naturally bad that they will not succumb to training, and the voice can be trained to be just as sweet and gentle as we please to make it.

A woman should speak in a low voice. She should never allow her voice to raise itself to a high pitch. Men do not like a shrill-voiced woman.

She should not shout her orders to the servants. This shouting and raising of the voice spoils the tone and quality and tends to make them harsh.

A pretty voice is a wonderful attraction in a woman, and she who would add to her charm a wondrous fascination should cultivate a voice "ever soft, gentle and low."

held at Chicago June 6, but outside of these three exceptions all training for track has been stopped at the local high school. Davenport and Moline both have men entered in the University of Iowa interscholastic invitation meet.
